When I can read my title clear, I'll bid farewell to every fear. But you can't do this until you get an abstract of title. W. C. Howard.

Contributions to the purchase of an auto for Rev. Roden are still progressing, and he has no fear but the purchase will be made. There could be no better investment for the help of home mission work than a good auto to enable Bro. Roden to get to his mission fields.

W. C. Howard, our local real estate man, returned from Lubbock and Plainview, Texas, much enthused over the promise of the future for the Lovington country in the matter of pump irrigation. He says if there be a doubting Thomas in the matter they should visit Plainview, Texas.

Carl Sams bought a residence at Plainview, and is moving it to town. He will occupy it with his family during the coming school term.

No trace, as yet, of Charles A. Dinamore.

Rev. Crockett reports a good meeting last week at Eunice, and one now on at Tatum.

## Old School of Hickory Hollow

Local talent is preparing for a play styled "Old School of Hickory Hollow," just full of old time fun in an old time school room, from first to last, to be pulled off during Clay McGonagill's roping contest, on the night of June 17. An airdome will be arranged, and the players will make a strong effort to afford attendants a good hearty laugh.

## Card of Thanks

Mr. and Mrs. J. W. Irwin desire to return most heart felt thanks for

the many kindnesses extended them in the recent loss of their home.

## Step Lively

All committees appointed by the commercial club to aid our picnic and fair should step lively. People from afar are writing letters and asking questions. We must not fall down.

## Justice and Constable

Judge T. P. Bingham has been appointed as justice of the peace for Lovington, and C. A. Ballard appointed constable. They will assume their duties as soon as bonds can be executed.

## Somebody Get Married

Judge Bingham has been appointed Justice of the peace at Lovington and is ready for business. He desires to serve notice on the public that the court must live; and that unless the young people get busy and have some ceremonies performed at about five dollars a clip, he will have to be mighty strict with wrong doers, and fine everything and everybody until he can round up a small bank account. It's up to somebody to get busy.

## That Auto Race Meet

Interest in our auto race meet is growing by the hour, and car owners are already knocking for entrance. Wesley McCallister, one of the best informed and most practical men on such things, says, however, that we have undertaken a big job. A track must be provided, with such a grade as will not endanger life at high speed. A purse must be raised which will be worth while.

Mr. McCallister will survey out a track soon, however, perhaps circumscribing and inscribing the townsite, a distance of some five miles, and ascertain the cost of it. He seems inclined to believe that an entrance fee of \$25, with some home contributions, will provide a track and create a purse, as a large number of entries are contemplated.

## Martin Gone

C. D. Martin, the masseurist, left suddenly Sunday morning for Llan, Texas, in response to a telegram from a bereaved sister, who has had two deaths in the family within three weeks, the remainder of the family being now down with, and quarantined on account of smallpox. Mr. Martin will not return to New Mexico.

## Married

Miss Annie Lou Brennan of Seminole and Mr. James Hunter Clark of Ft. Davis, Tex. were married in the First Presbyterian Church, June 2, 1914, Rev. F. S. Henderson, Pastor of the First Presbyterian Church of Big Springs, Tex. pronouncing the double ring ceremony. The Church was tastefully decorated with columns covered in evergreens, white and pink roses.

Miss Brennan is well known at Lovington.

## Warren Warblings

Miss Gene Graham is visiting her sister, Mrs. Stancell, at Wellington, Texas.

Sam Houston returned last week from Post, Tex. with his son who is improving rapidly.

The Literary last Friday night was very nice and largely attended.

There will be a singing class taught here some time this summer already a nice sum has been subscribed for that purpose.

Mr. Graham has just returned from Lubbock with freight for the store, and report the roads a fright.

It is still too wet to work, but if no more rain falls for a week or so, the farmers can soon catch up. Everything planted is up and growing nicely. Grass is certainly fine now and look of all kinds fat.

John McDermitt is shearing sheep for Mr. Graham this week and has contracted to shear for Mr. Houston.

W. R. Isbell and family have returned from a trip to the Capitan Mountains, and report a having had a very pleasant journey.

Mr. Sam Houston and son John have gone to Roswell, to purchase wool socks, having failed to get them at Lubbock. They will also bring some goods for the store.

Mr. Roberts, veterinarian, was here recently and treated several horses, and seems to understand the business, having had 13 years experience.

W. E. Patillo had the misfortune of losing a fine colt and a work mule from snake bite recently, and Mr. Houston lost a yearling from same cause. Rattles seem to be more numerous this season than ever know.

## Civic Pride

If outside people are skeptical as to the local civic pride on the part of the people of Lovington we cite them to the working of our park Tuesday by voluntary contributions of labor.

The invincible Mrs. E. D. Oliver was added, by the Commercial Club, to the park committee, and quickly devised a neat and novel way of enticing the men out to work.

To cut a long story short, Mrs. Oliver, Mrs. Shepard, Mrs. Halton, and other ladies improvised a quick delicious lunch, to be served in the park after work was done.

A hurried call was made, and the following gentlemen and ladies responded, and every one of them put their hands to the hoe, and cleared out the park nicely.

## Midway Musings

Farmers busy out over feed crop prospects, as we have had plenty of rain. With a few showers we ought to make a bumper crop.

Health good. No sickness to speak of.

Fred Simmons who has been working for the L. F. D's, was thrown from his horse and seriously hurt, affecting the back of his head and spine. Was brought to Jim Bowen's two weeks ago. He is reported to be doing as well as could be expected. Dr. Lasater has been attending him.

R. L. Knight has his 8 inch pumping plant installed. Will soon be ready to farm right. Will be a boom for Yoakum County.

Midway's young folks are Lovington stricken, four of them working in town or near there. They sure are missed in these parts.

T. D. Boyd is going to have some new improvements on his farm in the way of a new milk house and buggy shed. T. D. will be the next mail carrier, as he was awarded the job. Will have mail three times per week soon.

Midway was pretty well represented at the singing convention. All report a good time, though some of us received a shower bath before reaching home.

Some of Midway's prosperous farmers are talking of showing some farm products at the Lovington Fair.

Grass exceptionally fine and stock doing well. All fat, and a good crop of fancy calves.

Gardens are fine and we'll soon be living at home again, on snap beans and potatoes.

Murrah for the "Leader" and its promoters.

## Who Wants this Job?

It now seems certain that the crowds which will attend our Barbecue and picnic will be larger than ever. The hotel and restaurant can't take care of them. Who will undertake a big tent, with cots and culinary equipments, to "eat and sleep" as many as possible?

People from near by had best plan to bring bedding of their own if they wish to stay over night. The last two days will be free barbecue, plenty of meat and bread but this won't "eat 'em" for supper, nor "sleep 'em."

Somebody figure on a thnt.
